CONTENTS.

	Page.
FARMERS' BULLETIN 576.—BREEDS OF SHEEP FOR . E FARM.	
Introduction	1
Classes of sheep	3
Middle wooled sheep	3
Long wool breeds	10
Fine wool sheep	13
Cross-bred sheep	16
FARMERS' BULLETIN 577.—GROWING EGYPTIAN COTTON IN THE SALT RIVER VALLEY, ARIZONA.	
Introduction	1
Selection of land	1
Slope of the land	2
Early preparation of the land	2
Preparation of the seed bed	3
Planting	4
Early cultivation	4
Early irrigation	5
Thinning	5
Late cultivation	6
Late irrigation	6
Picking	7
Ginning and baling	8
FARMERS' BULLETIN 578.—THE MAKING AND FEEDING OF SILAGE.	
Making and feeding silage	1
Some points in favor of silage	1
Silage crops	2
Harvesting the crop and filling the silo	5
Total cost of silage	12
Losses of food material in the silo	13
Feeding value of silage	13
Silage for dairy cattle	14
Silage for horses	17
Silage for beef cattle	19
Silage for the breeding herd	20
Silage for stockers	20
Silage for fattening animals	21
Rations	21
Miscellaneous considerations	23
Silage for sheep	24
FARMERS' BULLETIN 579.—CRIMSON CLOVER; UTILIZATION.	
Introduction	1
Crimson-clover hay	2
Crimson clover as a soiling crop	5
Crimson clover as pasture	6
Crimson clover as a soil improver	7
Crimson clover as a cover crop	10

XUM

FARMERS' BULLETIN 580.—BEEF PRODUCTION IN THE SOUTH. Page.
The South as a field for beef production 1
Pasture lands and grasses 1
Forage crops and feeds 3
Methods and cost of raising cattle 5
Finishing cattle for the market 6
The value of cottonseed hulls and meal as a fattening ration for beef cattle 10
Corn silage as a substitute for cottonseed hulls 10
Corn stover, sorghum, and Johnson grass hay versus hulls, for steers 11
Wintering steers preparatory to summer fattening on pasture 12
Fattening steers on southern pastures 13
The value of shelter for fattening beef cattle 14
Tick eradication 14
Breeds of cattle adapted to the South 15
Summary 20
FARMERS' BULLETIN 581.—THE AGRICULTURAL OUTLOOK.
The world corn crop 1
Corn from Argentina 6
Argentine corn 9
The world oats crop 12
Oats from Canada 17
Other world crops 18
Argentine beef 30
Colonial cotton 40
Crop-reporting systems and sources of crop information in foreign countries 43
FARMERS' BULLETIN 582.—USES FOR CHESTNUT TIMBER KILLED BY THE BARK DISEASE.
The chestnut-bark disease 1
Strength and durability of disease-killed timber 2
Deteriorations 2
Merchantability 3
When to cut diseased trees 4
How to manufacture and market chestnut products 6
Relative value of chestnut products 7
Recommendations 24
FARMERS' BULLETIN 583.—THE COMMON MOLE OF THE EASTERN UNITED STATES.
Distribution 1
Description 1
Habits 2
Runways and nests 2
Active periods 4
Natural enemies and checks 4
Breeding habits 5
Trespassers 5
Natural food 5
Injury and depredations 6
How to destroy the mole 7
Economic status 9
FARMERS' BULLETIN 584.—THE AGRICULTURAL OUTLOOK.
Stocks of grain on farms March 1 1
Accuracy of estimates of farm supplies of wheat 2
Shipments of grain out of counties where grown 3
Preparing seed corn for planting 4

FARMERS' BULLETIN 584.—THE AGRICULTURAL OUTLOOK—Continued. Page.
The preparation of seed grain for spring planting 6
Wages of farm labor 7
Hours of farm hired labor 9
Trend of prices of farm products 10
Value per acre of crop production 11
Florida and California crop report 22
FARMERS' BULLETIN 585.—NATURAL AND ARTIFICIAL INCUBATION OF HENS' EGGS.
Study of an egg 1
Care of eggs for hatching 1
Period of incubation 3
Time of the year to hatch chickens 4
Natural incubation 4
Types of incubators 6
Selection of an incubator 8
Incubator cellar or house 9
Setting up and operating the incubator 9
Moisture and ventilation 12
Testing eggs 14
Causes of poor hatches 15
Disinfecting and storing incubators 15
Summary 16
FARMERS' BULLETIN 586.—COLLECTION AND PRESERVATION OF PLANT MATERIAL FOR USE IN THE STUDY OF AGRICULTURE.
Introduction 1
What material should be collected 1
Sources of materials 2
General suggestions for field work 2
Suggestions concerning the arrangement of materials 3
Collection of plant specimens 3
Collection of seeds and grains 9
Collection of wood specimens 18
Collection of fungi, lichens, and mosses 21
FARMERS' BULLETIN 587.—ECONOMIC VALUE OF NORTH AMERICAN SKUNKS.
Introduction 1
Kinds of skunks 2
General habits of skunks 5
Scent glands 6
Breeding habits 7
Food of skunks 7
Beneficial habits of skunks 10
Undeserved prejudice against skunks 12
Protection of skunks 13
Commercial value of skunks 14
Trapping skunks 15
Raising skunks for their fur 16
Summary 22
FARMERS' BULLETIN 588.—ECONOMICAL CATTLE FEEDING IN THE CORN BELT.
Introduction 1
Decline in the supply of feeder cattle 2
Cost of producing cattle 3
Buying and selling cattle 5
Cost of feeding cattle 7

FARMERS' BULLETIN 588.—ECONOMICAL CATTLE FEEDING IN THE CORN BELT—Continued. Page.
Care of the manure 10
Systems of farming to maintain soil fertility 12
Cattle feeding on high-priced land 12
Length of the fattening period 13
Quality of cattle to use 14
Winter fattening 14
Feeding on pasture 15
Methods adapted to moderate-priced land 15
Hogs following cattle 17
Shrinkage in shipping to market 19
FARMERS' BULLETIN 589.—HOMEMADE SILOS.
Introduction 1
General considerations 1
The concrete silo 9
The stave silo 30
The modified Wisconsin silo 43
Bills of materials 47
FARMERS' BULLETIN 590.—THE AGRICULTURAL OUTLOOK.
Losses of live stock 1
How to use anti-hog-cholera serum 3
Losses of cattle 7
Monthly variation in numbers of farm animals 8
Winter wheat forecast 10
Florida and California crops 10
Louisiana sugar crop of 1913 11
Trend of prices of farm products 12
FARMERS' BULLETIN 591.—THE CLASSIFICATION AND GRADING OF COTTON.
Introduction 1
Grade names 2
Factors that influence the grade 3
United States official cotton grades 7
Grade characteristics of different growths 13
Relative values of different grades 16
Relative value of different lengths of staple 18
Summary and conclusions 22
FARMERS' BULLETIN 592.—STOCK-WATERING PLACES ON WESTERN GRAZING LANDS.
Need for water on the range 1
Daily water requirements of live stock 2
Relation of water supply to food production 3
Warm and cold water 3
Distance range stock should travel to water 3
Natural watering places and their improvement 4
Artificial watering places 9
Use of cement 26
FARMERS' BULLETIN 593.—HOW TO USE FARM CREDIT.
Nature and use of capital 1
How capital is secured 2
Proper and improper uses of credit 2
Objection to use of credit 3
Principal more important than interest 3
Repayment and duration of loan 5

FARMERS' BULLETIN 593.—HOW TO USE FARM CREDIT—Continued. Page.
Repayment of long-time loans ... 6
Rates of interest ... 6
Improving credit conditions ... 7
FARMERS' BULLETIN 594.—SHIPPING EGGS BY PARCEL POST.
Introduction ... 1
Summary of results of experimental shipments ... 2
The eggs ... 2
Preserving eggs in water glass ... 4
Containers ... 5
Packing eggs for shipment ... 8
Supplies for shippers ... 9
Unpacking eggs when received ... 11
The return of empty containers ... 12
Methods of bringing producer and consumer together ... 12
Contracts or agreements between producers and consumers ... 13
Parcel-post zones ... 14
Direct marketing of larger quantities of eggs than private families require ... 18
Opportunity of extension of parcel-post marketing to other products ... 19
Summary ... 20
FARMERS' BULLETIN 595.—ARSENATE OF LEAD AS AN INSECTICIDE AGAINST THE TOBACCO HORNWORMS IN THE DARK-TOBACCO DISTRICT.
Introductory ... 1
Necessity and advantages of the use of an insecticide ... 1
Injury to tobacco by the use of Paris green ... 2
Advantages of the use of arsenate of lead ... 2
Results that have been obtained from the use of arsenate of lead ... 3
How to apply arsenate of lead to tobacco ... 5
The grade of arsenate of lead that should be used ... 5
When to apply arsenate of lead ... 6
Dosage of arsenate of lead required ... 6
Cost of arsenate of lead ... 6
Summary ... 8
FARMERS' BULLETIN 596.—THE CULTURE OF WINTER WHEAT IN THE EASTERN UNITED STATES.
Introduction ... 1
Soils adapted to wheat ... 2
Fertilizers ... 3
Rotations ... 5
Wheat as a nurse crop ... 6
Wheat as a cover crop ... 6
Preparation of the seed bed ... 7
Preparation of the seed ... 8
Sowing the seed ... 8
Pasturing and mowing ... 10
Cultivation of the crop ... 10
Harvesting the crop ... 10
Thrashing ... 12
FARMERS' BULLETIN 597.—THE ROAD DRAG AND HOW IT IS USED.
Introduction ... 1
Purpose of the drag ... 2
How the drag is constructed ... 2
How to use the drag ... 7
When to use the drag ... 8

XUM

FARMERS' BULLETIN 597.—THE ROAD DRAG AND HOW IT IS USED—Contd. Page.
Features of road construction involved 10
Cost of drag maintenance 12
Conclusion 14
FARMERS' BULLETIN 598.—THE AGRICULTURAL OUTLOOK.
Winter-wheat condition and forecast May 1 1
Wheat fed to live stock 3
The outlook for the 1914 foreign wheat crop 4
Rye 6
Hay 6
Pastures 7
Spring plowing and planting 7
Trend of prices of farm products 7
Honeybees 8
Beet sugar in the United States, 1913 9
Sources of sugar supply 11
Final returns for the Hawaiian sugar campaign of 1912–13 12
Acreage and yield of cotton in 1913 13
Basis for interpreting crop-condition reports 13
Florida and California crop report 14
Equivalent in yield per acre of 100 per cent condition on June 1 21
FARMERS' BULLETIN 599.—PASTURE AND GRAIN CROPS FOR HOGS IN THE PACIFIC NORTHWEST.
Introduction 1
Management of pastures 1
Grain ration while hogs are on pasture 3
Hogging off crops 5
Crops suitable for pasture and hogging off 10
Summary 27
FARMERS' BULLETIN 600.—AN OUTFIT FOR BORING TAPROOTED STUMPS FOR BLASTING.
Introduction 1
Placing the charge 1
Power outfit for boring stumps 2
Method of operating 3
Results obtained in a test 4
Grade of power to use 5
Cost of the outfit 5
Conclusion 5
